		25 <b>X</b> 1
	approximately 20 sidecar motorcycles, 6 radio trucks, approximately	20/1
	approximately 10 field kitchens.	25X1
1	At 1830 on 22 September, 16 Mm-wheel armored personnel carriers, including 3 BA-64 armored scout cars and approximately 20 sidecar motorcycles passed through Nauen. The vehicles came from the direction of Kremmen. 3	25 <b>X</b> 1
5.	At 1000 on 17 September, 8 T-34/85 tanks	
	and 2 trucks were detrained at the Neustrelitz railroad station. 2	25 <b>X</b> 1
6.	At 1705 on 18 September, a shipment of 3 JS-3 tanks, 3 SP guns and many motor vehicles passed through the Haldensleben railroad station. It came from the direction of Magdeburg and went to Hillersleben. The motor vehicles were detrained in Haldensleben. 4	25X1´
7.		25 <b>X</b> 1
	station. The train carried 40 trucks with 24 TMP steel positions and 4 assault boats.	25X1
	2110, the same shipment presumably passed through Oranienburg and proceeded south. 5	
1.	Comment. It is possible that uniforms had to be delivered quickly because of the beginning of the fall maneuvers in which units of the IV Arty Corps were to participate.	25X1
2.	Comment. The entraining of tank details of the 1st Mech Div, which presumably went to Neustrelitz, was previously reported.  These elements probably returned to the post	25 <b>X</b> 1
	on 20 September.	25X1
3.	Comment. The departure of major elements of the 1st Mech Div on 20 September, probably for fall maneuvers in the area northeast of Mouen, was previously reported by two other sources.	25X1
	According to the present report, additional elements of the division left for the maneuver area on 21 September. A total of 14 JS tanks, 162 T-34 tanks and 107 six-wheel armored personnel carriers was observed during this movement. The return on 22 September of vehicles of the division tends to indicate that the	25X1
	division conducted only a short-torm exercise.	25 <b>X</b> 1
4.0	Comment. The train presumably carried rear elements of the 7th Gds Tank Div which, according to other reports, were transferred to Pessau on 18 and 19 September and, prior to the beginning of the	25 <b>X</b> 1
c	fall maneuvers, joined their division.	UN25X1=D
5.	Comment. the train carried elements of the 88th Engr Regt (?) of the Second Gds Mech Army which, according to available information, transferred to Ferchland on the Elbe River north of Guesen.	25X1 25X1
